why should mindfulness and meditation be taught at universities what impact could the establishment of such programs have on students and on the education system itself andreas de bruin showcases the remarkable results of the first ten years of the munich model mindfulness and meditation in a university context a program started in the year 2010 in which 2000 students have already participated through meditation journal entries featured in the book students describe the effects of mindfulness and meditation on their studies and in their daily lives in addition to an overview of cutting edge research into mindfulness and meditation along with in depth analyses and explanations of key terms

the book also contains numerous practical exercises with instructions

blending history and travelogue the author visits disputed battle sites shedding new light on how the struggle for the english crown truly unfolded the story of the battle of hastings is well known but recent findings have cast doubt on the traditional narrative and even on the location of the battle site the titanic struggle for the english crown in 1066 may not have taken place at what is today battle abbey and there are a number of plausible alternative sites in mysteries of the norman conquest historian robert allred investigates taking nothing for granted allred hiked through the sites of the three battles of 1066 fulford stamford bridge and hastings armed with the medieval sources and much of the current literature he set out to appraise the evidence and to draw his own unbiased conclusions following in the footsteps of the viking warriors of harald hardrada the knights of william of normandy and the anglo saxon soldiers of king harold the reader is taken on a journey from yorkshire to the south coast and down through the ages to reexamine what has been written about that momentous year the intrigues preparations and maneuvers which culminated on 14 october 1066 on a bloody hill somewhere in sussex

something has gone seriously wrong with the american economy the american economy has experienced considerable growth in the last 30 years but virtually none of this growth has trickled down to the average american incomes have been flat since 1985 inequality has grown and social mobility has dropped dramatically equally troubling these policies have been devastating to both american productivity and our long term competitiveness many reasons for these failures have been proposed globalization union greed outsourcing but none of these explanations can address the harsh truth that many countries around the world are dramatically outperforming the u s in delivering broad middle class prosperity and this is despite the fact that these countries are more exposed than america to outsourcing and globalization and

have much higher levels of union membership in what went wrong george r tyler a veteran of the world bank and the treasury department takes the reader through an objective and data rich examination of the american experience over the last 30 years he provides a fascinating comparison between the america and the experience of the family capitalism countries australia austria belgium denmark france germany the netherlands and sweden over the last 30 years they have outperformed the u s economy by the only metric that really matters delivering better lives for their citizens the policies adopted by the family capitalist countries aren t socialist or foreign they are the same policies that made the u s economy of the 1950s and 1960s the strongest in the world what went wrong describes exactly what went wrong with the american economy how countries around the world have avoided these problems and what we need to do to get back on the right track

size matters tackles the challenges that designers face when organizing large amounts of information projects such as company reports magazine and book design exhibitions catalogues timetables and directories all invoke particular design questions that must be resolved this book will inspire designers to take on large projects with confidence chaperts explore navigation and hierarchies placement of images for overall rhythm of viewing management of volume of material and systems for processing it as well as the physical considerations of format whetehr this is the information architecture of the web placement of exhibition stands or print limitations in book design using illustrated essays real world examples pull out interviews with leading design figures and extended captions size matters allows for first hand experiences and detailed practical specifics providing the reader with the skills inspiration and knowledge to succeed with projects that can at first seem daunting

published in dual print and electronic formats this is a new substantially recast and fully updated edition of a bibliography published over ten

years ago previous edition published as publishing and book development in sub saharan africa an annotated bibliography london hans zell publishers bowker saur 1996 covering both print and online resources it charts the growth of publishing and book development in the countries of africa south of the sahara as well as including a very large number of entries on many other topics as they relate to books and reading in africa with almost 3 000 critically annotated citations it is the definitive bibliography and the most complete documentation resource on the current state of the book on the african continent
